

Abstract

DEAV2003/0018

Dr.WI

Cycloalkyl derivatives having bioisosteric carboxylic acid groups, processes for their preparation and their use as pharmaceuticals

5

The invention relates to cycloalkyl derivatives having bioisosteric carboxylic acid groups and to their physiologically acceptable salts and physiologically functional derivatives.

10 What is described are compounds of the formula I,

in which the radicals are as defined, and their physiologically acceptable salts and processes for their preparations. The compounds are suitable for the treatment and/or prevention of disorders of fatty acid metabolism and glucose utilization disorders as well as of disorders in which insulin resistance is involved.
